

PROMISING INNOVATOR

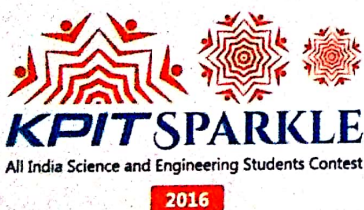

Raj Oak

KPIT Sparkle 2016 is an all India contest of Science and Engineering students to attract and felicitate ideas from the most innovative minds to improve the condition of Energy & Transportation in the country.

This contest attracted 1,700 ideas from 10,000 participants from 27 states in India. We examined these ideas for their Novelty, Utility, Brilliance, Technical prowess and Completeness. Your idea was amongst the top 55 ideas shortlisted for the Grand Finale.

The distinguished Jury of KPIT SPARKLE 2016 is delighted to recognize you as a Promising Innovator. Thank you for participating.

**Keep Innovating.
All the best!**

To,
Raj Oak

Dear Raj,

We sincerely thank you for spending your valuable time on 20th August, 2016, to conduct the workshop on “Fun with Electronics” for the students of std. VII of our school Science Club “Eureka”.

It was a wonderful hands on learning experience for the students and we look forward to more interactive sessions with you in the coming years.

Thanking you once again.

Yours faithfully,
M. K. Chaudhary

Letter of Appreciation

To,

Mast. Oak Raj Pankaj

We R.C. Patel High School are highly thankful for your valuable guidance given for Science Project. You have personally taken interest to develop scientific basic knowledge in school students.

Once again sincere thanks for your co-operation and we appreciate your practical knowledge. Your association with school teacher and school students help to spread awareness regarding science in society.

Hope for future co-operation.

Principal
R. C. Patel High School,
